UltraCase M

Large Notebook Case with Permanent Air Cells Padding for Maximum Protection

The large safety bag. Very spacious in an exceptional leather look. Your Notebook is completely surrounded and perfectly protected on all 6 sides from the DICOTA patented multi-chamber air system (Permanent Air Cells - PAC). The improved construction of the Permanent Air Cells in the interior adjusts automatically to the height of your Notebook. Damage to your sensitive display is prevented by our high-tech air protection system. In addition your Notebook is protected by a stabile synthetic frame that covers the complete Notebook exterior.

Your printer, projector or documents will all find space in the large padded extra compartment.

The double-pocket compartment on the rear side of the case is designed for your documents. Your mobile phone, pens and business cards all have their special place in the workstation and in the front pocket. The neoprene shoulder strap and the ergonomically styled handle add to your carrying comfort.

Lockable Notebook compartment with PAC cushioning - ultra high protection from all six sides. stable synthetic frame. newly designed mounting mechanism for the Notebook - display protection. slip pocket. cushioned printer compartment. workstation for mobile accessories. cable bag. two-section document compartment. front pocket. fixing option for the trolley. comfortable handle. neoprene shoulder strap
